OBJECTIVES

A motivated and adaptable Bachelor of Science in Information Systems student seeking an opportunity to gain practical experience in the field of information technology. Eager to apply my knowledge in software development, database management, and data analysis while continuously improving my technical, analytical, and problem-solving skills. I aim to contribute to meaningful projects, collaborate effectively with a team, and further develop my professional skills in a real-world work environment.

EDUCATION

CAGAYAN STATE UNIVERSITY - CARIG CAMPUS

Bachelor of Science in Information Systems 2023 - Present
Expected graduation: 2027

EXPERIENCE

SYSTEM DEVELOPMENT

Capstone Project

- Developed an Online Appointment with Records Management System for Dr. Aprille Ventura Clinica Dental.
- Used AI assistance during system development.

PROJECTS

SALES PERFORMANCE AND COHORT ANALYSIS

- Explored retail sales and customer cohorts using PostgreSQL and Power BI.
- Examined regional sales, monthly performance, and customer purchase patterns using SQL queries.

ONLINE APPOINTMENT WITH PATIENT RECORDS MANAGEMENT SYSTEM

- Developed a web-based system for scheduling appointments and managing patient records for Dr. Aprille Ventura Clinica Dental.
- Built with PHP and MySQL, using AI assistance during development.

SKILLS AND CERTIFICATION

- SQL database management, querying, and data analysis using PostgreSQL.
- Data visualization and dashboard creation using Power BI.
- Data organization and analysis using Microsoft Excel.
- Knowledge of database design, normalization, and system development.

Certification: Associate Data Analyst - DataCamp
